\$1.9 Billion Research Infrastructure Investment Plan

NCI has welcomed the Government's response to the National Research Infrastructure Roadmap, which includes \$6.3 million funding in 2021-22 for the long-term development and maintenance of NCI. [Read more.](#)

Fundamental molecular discovery

NCI Staff Scientist Dr Rika Kobayashi is co-author on a research discovery the importance of which has been likened to Louis Pasteur's discovery of chirality. [Read more.](#)

NCI Commercial Partner receives major award

Global water engineering company DHI and the Port of Brisbane have been awarded the Smart Infrastructure Project award for the world-leading NCOS Online technology developed to help manage large-vessel traffic in the Port. [Read more.](#)

Join our team

NCI is now seeking a Staff Scientist (Bioinformatics) to support growing requirements in the area of user support and training, and contribute to the development, implementation

workflows. [Read more.](#)

Major Academy Award for Dr Rhodri Davies

NCI user Dr Rhodri Davies from ANU has been awarded the Anton Hales Medal by the Australian Academy of Science for "outstanding contributions to understanding solid Earth structure and evolution through the development and implementation of powerful computational tools for simulating geodynamical processes." Watch this animation produced by the NCI VizLab team using research Dr Davies contributed to last year in a [Nature paper](#).

Procurement Update

The Request for Tender for the National Computational Infrastructure's Australian National Supercomputer Replacement Project has been [released](#) to the market. NCI awaits with anticipation the opportunity to work with the successful tenderer during 2019 and beyond to deliver an internationally-competitive supercomputing capability, tailored to the advancement of the innovation, ambition, and competitiveness of Australian research.
