Support for world-leading research

NCI will deliver HPC capabilities to the research community associated with a new Linkage Infrastructure, Equipment and Facilities grant from the Australian Research Council in the latest funding round. This grant will allow us to provide HPC resources to even more researchers over the coming three years. Read more.

Congratulations to all the new Superstars of STEM announced by Science and Technology Australia, this year including 7 NCI users from astronomy to aerodynamics, marine science and climatology! Read more.

NCI at AGU

NCI staff had a big presence at the 2018 American Geophysical Union Fall Meeting in Washington. Dr Ben Evans presented the Leptoukh Lecture for the Earth and Space Science Informatics, while other NCI staff shared our work on data collections, data accessibility and data rescue.

This month, NCI sponsored *Computing in the Pub* to bring a bit of supercomputing,
